

## PRISTINE CLEAN HAND SANITISER

500ml - 70% Alcohol

Pristine Clean is a gentle anti-bacterial hand sanitiser gel which is kind on the skin and tough on germs. It contains 70% alcohol which is above the minimum 60% which has been recommended. It cleans, cares and protects to help maintain hand health.

Keeping hands clean is important to prevent the spread of bacteria. Suitable for homes, offices, surgeries and schools where safe effective, rapid cleansing of hands is required. Formulated to gently cleanse hands without the need for water. A fast, hygienic alternative to washing hands. A quick and effective way to kill germs.

It has a pleasant smell with a quick-drying formula, an essential product for the home and workplace to protect staff, colleagues and loved ones.
